Sneak-in Burglary - Key Facts:

- Doors and windows should be locked at all times – it only takes 60 seconds for someone to reach through an open door or window
- Lock the doors, take the key out, don't leave it on view or in reach of a letterbox or cat flap
- Always know where the house key is in case you need to get out in an emergency
- Don't leave bags, laptops, tablets or keys just inside the door
- Make sure everyone in your home gets into the habit of being more secure
- Consider setting up a Neighbourhood Watch scheme on your street
