

# MODERN SLAVERY

IT'S NOT ON MY  
STREET...?

Office of the  
Police & Crime  
Commissioner  
West Yorkshire

**WEST YORKSHIRE  
POLICE**

***Modern Slavery is an absolutely horrific and despicable crime that we can all play a part in preventing. Is there a house on YOUR street that isn't quite in keeping with the others?***

- Do the people living there appear isolated or secretive?
- Do more people appear to be living in the house than would normally be expected? Are the house windows covered from the inside?
- Have you ever noticed anyone taking an excessive amount of bed mattresses into the house?
- Do the people that live there get collected/taken to work early in the morning and returned late at night?
- Do the people living there appear to be controlled? Are they always accompanied if you see them out and about? Do they avoid eye contact or conversation?
- If you have spoken to anyone living in the house do they know who they work for? Are they getting paid an exceptionally low amount of money or had their passports/documentation taken off them?
- Do the people living there look malnourished? Are they wearing the same clothes all of the time?
- Have you noticed anyone who appears to be living in outbuildings, barns, trailers or under any other roofs that arouse your concerns?

If you notice a property on **YOUR** street where one or more of the above indicators are present please contact the Modern Slavery Helpline on **08000 121 700** or **[www.modernslaveryhelpline.org](http://www.modernslaveryhelpline.org)**

You can also ring West Yorkshire Police on **999** if someone's life is in immediate danger.
