**WEST YORKSHIRE  
POLICE**

***Modern Slavery could be happening right now in YOUR workplace. People are trafficked for several reasons, including being forced into working and exploited for their efforts, sometimes under extreme conditions. This is an absolutely horrific and despicable crime that we can all play a part in preventing.***

***Potential indicators include:***

- Is there anyone that works with you who gets dropped off and collected, at the same time each day? Is their movement restricted; do they appear to be controlled?
- Have they suggested that they don't know much about their employment? Do they appear isolated or reluctant to talk about their circumstances?
- Have they suggested that they are getting money removed from their wages for accommodation, travel or food? Or that they are getting paid an extremely low amount for the hours they do?
- Have they suggested that their wages get paid into someone else's bank account or someone else controls their account?
- If anyone from authority has visited your workplace have you noticed that certain people hide during their visits? Do they appear fearful of them or reluctant to make eye contact or talk to them?
- Do they show signs of physical injury or psychological trauma, or suggest they have limited or no access to medical care? Do they look malnourished? Do they turn up in the same clothes each day? Do they appear not to have the correct equipment to do their job?

If you think anyone in **YOUR** workplace is possibly a victim of Modern Slavery please contact the Modern Slavery Helpline on:

**08000 121 700 or [www.modernslaveryhelpline.org](http://www.modernslaveryhelpline.org)**

You can also ring West Yorkshire Police on **101** to report any suspicions or **999** if someone's life is in immediate danger.
