Gun crime figures are based on the ADR131 Home Office Return for offences crimed between 01/01/2015 - 31/12/2015 which involved the use of firearms (non-air weapons and air weapons). The manner in which the firearm was used (i.e. whether or not fired, and whether or not injury to a person/persons was caused) is categorised as shown.

The first figure shown beneath each category indicates the number of offences involving a non-air weapon. These offences may be classified as any offence type. The second figure, shown in brackets, indicates the number of offences involving an air weapon. Offences involving an air weapon are restricted to those classified as a violent crime (i.e. Violence Against the Person / Sexual Offences / Robbery) or as Burglary.
