I would like to request a spreadsheet containing detailed incident data for all Violence & Sexual Offences broken down by crime type (aggravated assault, simple assault, rape, sexual assault, etc.) OR broken down by "with injury/without injury" occurring within the West Yorkshire Police jurisdiction during the years of 2019-2021. Specifically, I am interested in address specific, LSOA, and/or latitude/longitude coordinates (along with the date of occurrence).

Please see the attached document for the requested information.

As per the previous response that you were initially directed to ([October 2021 FOI 892053-21 Violence and Sexual Offences \(westyorkshire.police.uk\)](#)), we are unable to provide the LSOA code as this can only be retrieved by manual review, which would exceed the appropriate limit stipulated within the Act. Therefore we have not looked to retrieve this information and have provided the data broken down by district and ward as an appropriate alternative.

We are also unable to provide the specific address or the latitude/longitude coordinates as this information is exempt by virtue of Section 40(2) Personal Information.

Please see Appendix A, for the full legislative explanation as to why West Yorkshire Police are unable to provide the information.

Crimes relating to sexual offences are taken very seriously by West Yorkshire Police. Specially trained officers are responsible for the investigation of these offences and are situated within both District Safeguarding Units and Protective Services (Crime), a specialist department which deals with complex investigations.

All investigations involving victims of sexual offences under the age of 18, are dealt within a multi-agency setting, involving our statutory safeguarding partners. This approach allows not only for an effective investigation but ensures appropriate safeguarding measures are considered for any person deemed to be at risk. All victims of sexual offences are signposted for support from third sector agencies such as Victim Support.

Over the last 5 years there has been an increase in sexual offences recorded, some of which will be as a result of improved crime recording but also due to recent, well publicised national cases which have given victims the confidence to report crimes knowing that their reports will be taken seriously. These offences may have taken place many years before the survivor of abuse feels able to report the matter to the police. Any non-recent reports receive the same level of investigation and response from specialist officers in West Yorkshire Police as recent reports do. Crimes are recorded within the yearly data of the time they get reported however the offence reflects the age of the victim at the time of the offence.

West Yorkshire Police has a duty to safeguard members of the public and ensure that they can live in an environment free of stalking and harassment. We take reports of stalking very seriously and recognise that stalking can also take place online or through the use of technology. Stalking is a form of harassing behaviour, whereby the perpetrator is fixated or obsessed with the victim. These cases are typified by the disproportionate investment of time and resource which the perpetrator undertakes in pursuit of their objective. These behaviours will have a substantial adverse effect on the victim's life. The force also works closely with agencies to ensure the victim receives specialist support.

West Yorkshire Police strives to ensure all victims receive the best possible service and care from all officers and staff. All victims are offered appropriate specialist after care support services to ensure they receive support throughout the criminal justice process.

## **APPENDIX A**

The Freedom of Information Act 2000 creates a statutory right of access to information held by public authorities. A public authority in receipt of a request must, if permitted, state under Section 1(a) of the Act, whether it holds the requested information and, if held, then communicate that information to the applicant under Section 1(b) of the Act.

The right of access to information is not without exception and is subject to a number of exemptions which are designed to enable public authorities, to withhold information that is unsuitable for release. Importantly the Act is designed to place information into the public domain. Information is granted to one person under the Act, it is then considered public information and must be communicated to any individual, should a request be received.

### **DECISION**

Your request for information has been considered and I regret to inform you that West Yorkshire Police cannot comply. This letter serves as a Refusal Notice under Section 17 of the Freedom of Information Act 2000.

Section 17 of the Act provides:

(1) A public authority which, in relation to any request for information, is to any extent relying on a claim that information is exempt information must, within the time for complying with Section 1(1), give the applicant a notice which:-

- (a) States the fact,
- (b) Specifies the exemption in question, and
- (c) States (if that would not otherwise be apparent) why the exemption applies.

### **REASONS FOR DECISION**

The reason that we are unable to provide you with this information is covered by the following Exemption:

#### **Section 40(2) Personal information**

**Section 40** is an absolute class-based exemption therefore there is no requirement to provide evidence of harm or consider the public interest test.

To disclose the information would significantly increase the risk of individuals being identified which would breach principle 1 (lawfulness, fairness, and transparency) of the Data Protection Act 2018.

Please note that police forces do not use generic systems or identical procedures for capturing the data. For these reasons this response to your questions, should not be used for comparison purposes with responses you may have received from other police forces
